About Kenji Kumara

Kenji Kumara, affectionately known as *The Joyful Soul*, is recognized worldwide as an energy healer, life coach and dynamic keynote speaker. He is also a quantum lightweaver, empowerment catalyst, ambassador of peace, consciousness shifter and divine messenger.

He acts as a bridge to the quantum and serves as a facilitator for those ready and open to receive divine, unconditional love connected with the power to create the reality of their choice, in grace and appreciation.

Kenji always had the "calling" to be in the healing and consciousness arts and began by studying metaphysics in his first year of college at age 23. His journey was one of trust and having faith in God.

Having studied with some of the leading-edge thinkers of our time, it took Kenji almost four decades before he left his last teacher and went out into the world to share what he knew.

Kenji integrated his studies of spiritual psychology, medical hypnotherapy, holistic education, trans-personal counseling and the transformational healing arts and created a system that produces quick and gentle on-going shifts in consciousness, mind, body and emotions. His practice of Quantum Lightweaving (R) and Sedona Vortex Activations (TM) is one that anyone can learn.

Upon attending one of Kenji's intensive retreats and online series, many have reported profound life changes and clarity with on-going benefits such as stress relief, reversal of physical conditions and reduction or elimination of worry, anxiety and self doubt.

Kenji, a Japanese-American born in Berkeley, California, lives a simple yet exceptional and fun-filled life in North Carolina where he thoroughly enjoys teaching, gardening, being in nature and allowing his inner child to come out and play. Kenji is an unassuming, soft-spoken and kind soul who loves making people laugh.

To Book Kenji Kumara for Speaking and Interviews

"For the last 10 years I've had the privilege of interviewing and working with the foremost top energy healers on the planet. Without a doubt Kenji Kumara is the most gifted and talented healers I've ever met. I say this because personally working with him gave me a healing experience that ranks right along side my own outer body 'death' and re-birth experience. Kenji is kind, compassionate, honorable and has an incredible gift with his soul healings. I recommend him to anyone who wants a deep renewal, healing or awakening. He is also an amazing and humorous guest expert who entertains, delights and brings joy to everyone who hears his words. I give him 5 stars and my highest recommendation."
